Technical Capability	<p>AMSEC LLC provides naval architecture and marine engineering, electronic systems engineering, vessel system assessments, maintenance engineering and program development, shipyard industrial engineering, and complete logistics services, from technical manual development to provisioning documents, spare parts management and training. AMSEC currently has some 5000 employees in 30 offices nationwide, providing direct support in all Navy homeport concentrations and technical centers. Our subsidiary, EMA Inc., provides engineering, management, financial and logistics support for Department of Defense (DOD) programs including aircraft carrier air traffic control and landing systems, tactical aircrew combat training systems, shipboard data link, computer security, and command, control, communications, computers and intelligence systems.</p> <p>AMSEC LLC is a subsidiary of Science Applications International Corporation (SAIC), the largest employee-owned, high technology research and engineering company in the nation. With more than 43,000 employees, annual tasking exceeding \$7 billion, and offices in more than 150 cities worldwide, SAIC is the nation's second largest systems integration company, DoD's seventh largest contractor and the Navy's 11th largest overall.</p> <p>The AMSEC/SAIC/EMA team brings unsurpassed depth and</p>

	breadth to the Virtual SysCom clients in terms of technology, location, personnel, and resources.										
Tasking	AMSEC LLC has the ability to support Mission Areas across the Virtual SysCom including but not limited to: Warfare Systems; Ships and Ship Systems; Machinery Systems; Combat Systems; Electronic Warfare and Littoral Warfare Systems; Undersea Warfare (USW) Weapons and Vehicles; Undersea Warfare (USW) Ranges, Analyses, and Assessments; Undersea Warfare (USW) Fleet Material Readiness; Mine Warfare Systems; Shipboard Networks; Defense and Homeland Security; Quality and Material Readiness Assessment; Logistics Support Analysis; ILS Planning and Management.

Subcontracting Goal Impact	AMSEC and our parent, SAIC, aggressively support federal government diversity programs. In fact, SAIC was one of the initial ten Prime Contractors in the Nation to participate in the Department of Defense (DoD) Pilot Mentor Protégé Program, receiving numerous awards and recognition for our efforts. We are proud to be involved in efforts that encourage small disadvantaged businesses by fostering long-term business relationships, adding significant strength and corporate experience that opens possibilities to our partners that they would not otherwise be able to entertain.
